Consonants-Ending - B: Teacher Directions

Say: We are going to listen to ending sounds. We will do the sample together. Look at the picture of the **heart** at the top of the page. Look at the four words next to the **heart**. Raise your hand if you can tell me which of the four words ends with the same ending sound as **heart**.

Call on a student and encourage a reply.

Say: That's right. You should circle the word **went** because **went** ends with the same ending sound as **heart**.

Now we will do some more.

1. Look at the picture of the **sled**. Circle the word that ends with the same ending sound as **sled**.
2. Look at the picture of the **horse**. Circle the word that ends with the same ending sound as **horse**.
3. Look at the picture of the **kitten**. Circle the word that ends with the same ending sound as **kitten**.
4. Look at the picture of the **book**. Circle the word that ends with the same ending sound as **book**.
5. Look at the picture of the **whale**. Circle the word that ends with the same ending sound as **whale**.

CONSONANTS-ENDING - B
1. bad
2. bus
3. ran
4. take
5. bell
