

# Final Phoneme Deletion

Name: \_\_\_\_\_

**Sample** **Say:** I am going to ask you to say a word without the sound at the end. If I say *heat* but don't say the /t/ sound, the word is *he*. Say the word *same* but don't say /m/.  
(Pause for student response.)

**Say:** If you say the word *same* but don't say /m/ the word is *say*.

Correct

- |    |                                                                               |     |                              |                             |
